Dear Top Medical Clinic,

I am writing you because I would like to leave testimonial for Dr. Anna Wisniewska and her assistant Magdalena.

"I visited the clinic and the dentist 5 times in the last 2 months. I had a full teeth cleaning and I needed 4 fillings. I was very pleased with the punctuality, I never had to wait, there was no delay. The clinic is really nice, relaxing and using high tech equipments. Dr Anna is a fantastic dentist, patient, friendly, quick and efficient. She always explained me what was she doing and she answered me all my questions. Visiting a dentist is always stressful for me but Dr Anna and Magdalena made a difference for me about visiting the dentist. I can highly recommend her to anybody, the best dentist I have ever visited."

Best regards,

Tunde Dobos
