Doctor's Name : Dr. J. Grosickia

Date of Visit: 19. Nov 2016

Feedback (please be specific):

I spoke to a very efficient and friendly staff at the reception who booked me in for a visit without any delay.

On the day of a visit I was met by a very friendly and receptionist.

Dr Grosickia is an excellent paediatrician, with an exceptional skill for handling children. She took time to listen to my daughter's chest (back and front), to check her ears, throat and nose. She weighed her, measured her and conducted an extensive interview with me about the problem in hand.

Suggestions for change or improvement:
